PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1c.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

This military installation, located in the southeast sector of Izyaslav (50-07N 026-48E), is road served and has access to the Lanovtsy-Shepetovka rail line (Figure 1).

The installation covers approximately 510 acres and contains 13 multistory barracks, 13 administrative buildings, three multistory barracks/administrative buildings, a maintenance

building, six vehicle storage buildings, 28 warehouse-type buildings, 27 general storage buildings, two ammunition storage buildings, an open storage area, a vehicle park, and two small arms ranges (Figures 2 and 3).

25X1D

DESCRIPTION OF INSTALLATION

Railroad Service

The single-track Lanovtsy-Shepetovka rail line runs through the installation, but it has no loading docks or trackside docks in Izyaslav.

Road Service

The area is served by a metaled, all-weather road and by several unimproved roads.

Administrative and Troop Housing Areas

Area D1 (Figure 3) has two multistory administrative buildings, one multistory barracks/administrative building, and two barracks.

Area D2 has two multistory administrative buildings, one barracks/administrative building, and five barracks.

Area D3 has 3 multistory administrative buildings, one multistory barracks/administrative building, six barracks, four single-story administrative buildings, and one support building.

General Storage Areas

Area E1 has eight warehouses and 15 general storage buildings. The rear of this area is secured.

Area E2 has two administrative buildings, 16 warehouses, and seven general storage build-

ings. The rear of the area is secured.

Area E3 has four warehouses, five general storage buildings, and a space for open storage. This area is also partially secured.

Ammunition Storage Area

Area F has two 115- by 45-foot ammunition storage buildings located in a double-secured area.

Equipment Storage/Maintenance Area

Area J contains one 80- by 35-foot administrative building, one 150- by 35-foot maintenance building, and six 260- by 40-foot vehicle storage buildings. Two rows of vehicles are parked in the open.

Athletic Fields

Areas K1 and K2 are athletic fields.

Small Arms Firing Ranges

Area L1 is a 335- by 45-foot small arms range and Area L2 is a 580- by 70-foot probable small arms range.

Driver Training Areas

Area M contains two figure-8 driver training tracks.
